The parties to this action, by and through their respective counsel of record, hereby jointly apply for and stipulate to an extension of twelve (12) days, up to and including February 27, 2009, for the parties to move to reopen the case before dismissal becomes final.

There is good cause to grant the parties' joint application and stipulation. On December 15, 2009, the Court issued an order conditionally dismissing the case. The Court's order stated that the case was dismissed with prejudice except that either party could move to reopen the case if settlement is not reached provided a motion is filed within 60 days of the Order. The parties are in the process of obtaining the final signatures on the settlement agreement and release. The settlement agreement and release requires the signatures of more than 20 persons, including many persons located outside the continental United States. The parties therefore apply for and stipulate to a brief extension of time of the deadline to move to reopen the case before the dismissal becomes final to allow the parties to obtain the remaining signatures.
